Welcome to Your *Speedy Roofing* Tile Brochure

Explore Our Range of Premium Options

At **Speedy Roofing**, we want to give you as many personalised options as possible, which is why we have provided this comprehensive brochure, carefully designed to showcase the diverse range of premium options available for your unique project.

This brochure will provide you with a range of options to enhance the functionality of your roof and your properties kerb appeal. As you explore the following pages, you'll find examples of all the different tile types we offer at Speedy Roofing as well as colour options.

Interlocking Concrete Roof Tiles

Marley Ludlow Major

A simple concrete interlocking tile with strong lines enhancing the contrast between light and shade. The popular profile is used across a wide range of developments and ideal for refurbishment projects.

Marley Ludlow Major Smooth Grey Tiles

Marley Ludlow Major Smooth Brown Tiles

Description

Concrete Tiles – Classic Style, Modern Performance

This tile, particularly in smooth grey, is one of our most popular choices when it comes to complete re-roofs. It is a fantastic choice for homeowners seeking a blend of classic style with modern performance.

This tile is engineered for durability. Its interlocking design provides excellent weather resistance, ensuring your roof can withstand the elements. With low-maintenance qualities, your roof will be secured for years to come.

Marley Ludlow Major Old English Dark Red

Interlocking Concrete Roof Tiles

Marley Mendip

A concrete interlocking tile that has instant visual appeal and exceptional strength. The Mendip tile range is ideal for low pitch roofs.

Marley Mendip Anthracite Tiles

Marley Mendip Smooth Brown Tiles

Marley Mendip Smooth Grey Tiles

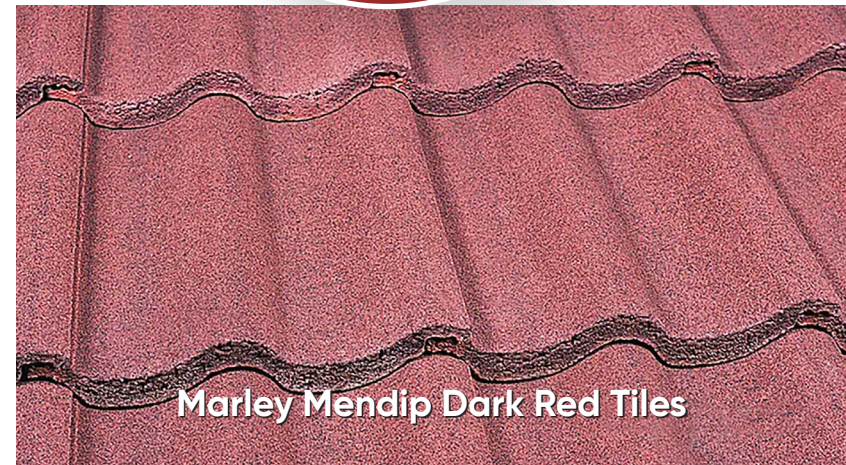

Marley Mendip Old English Dark Red

Interlocking Concrete Roof Tiles

A range of 6 varying colours, all of which are popular with homeowners and housebuilders, offering diverse product selection to complement the tiles profile.

Marley Mendip Mosborough Red Tiles

Marley Mendip Dark Red Tiles

Description

Marley Mendip – Traditional Look, Modern Durability

Another increasingly popular choice is the Marley Mendip Interlocking concrete roof tile. This tile offers the appearance of traditional roofing while providing modern durability and performance. Its low-profile design, featuring a gentle double

pantile curve, creates a subtle but aesthetically pleasing look to your property, ideal for a range of architectural styles and comes in a variety of colours. Its excellent weather resistance ensures your roof will stand the test of time.

Interlocking Concrete Roof Tiles

Marley Modern

Tried, tested and trusted, the Marley Modern has become a staple product for roofers over many years.

Marley Modern Smooth Grey Tiles

Marley Modern Smooth Brown Tiles

Marley Modern Old English Dark Red Tiles

Interlocking Concrete Roof Tiles

Marley Duo Modern

All the performance benefits of the popular Marley Modern, incorporating a mock bond down the centre giving the look of a small format slate.

Marley Duo Modern Smooth Grey Tiles

Marley Duo Modern Old English Red Tiles

Description

Marley Modern – Sleek Design, Contemporary Appeal

The Marley Modern Tile is a sleek and contemporary concrete roof tile, characterised by its flat profile and clean lines. It's minimalist design is perfect for modern architectural styles, offering a sophisticated, streamlined finish. The Marley Duo Modern

tile brings all the benefits of the classic Modern tile, but with a twist. It features a subtle central groove, giving the appearance of two smaller tiles from one unit, which adds texture and interest to the roofline while retaining the contemporary flat profile.

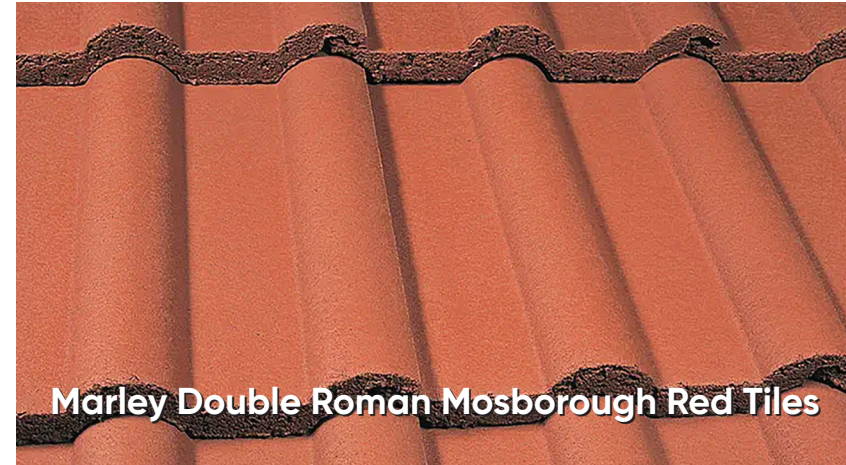

Interlocking Concrete Roof Tiles

Marley Double Roman

The iconic and unmistakable Double Roman profile is still an ever-present across the roofs of the UK, a classic profile for meeting planning requirements.

UPVC Colour Options

Deep Flow Gutter

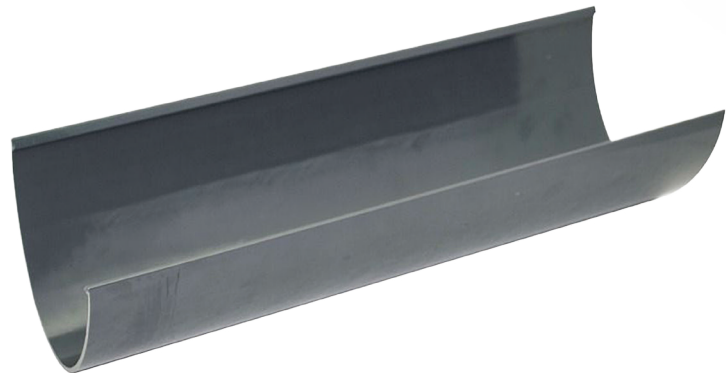

uPVC guttering is a system of channels installed along the roof edge to collect and direct rainwater away from the building, preventing water damage to walls and foundations.

White Deep Flow Guttering

Black Deep Flow Guttering

Anthracite Deep Flow Guttering

Brown Deep Flow Guttering

uPVC Colour Options

uPVC Fascia Board

uPVC Fascias are the vertical boards that cover the roofs edge, supporting the guttering and protecting the roofline while enhancing the building's appearance.

Black -Fascia board

Sleek and modern, black fascias provide a bold, contemporary look while seamlessly complementing darker rooflines and trim. Perfect for making a statement while offering lasting protection.

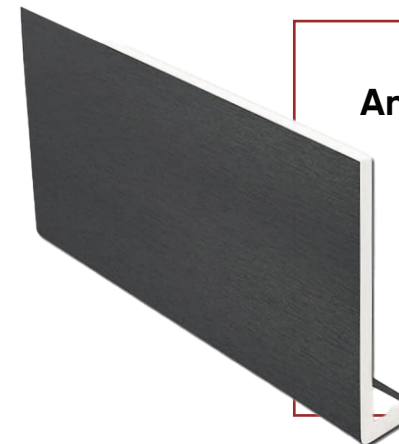

White -Fascia board

A timeless classic, white fascias deliver a clean, fresh appearance that enhances any building style. Ideal for brightening your roofline and creating a polished, neat finish.

Rosewood - Fascia board

Warm and natural, rosewood fascias mimic the look of rich woodgrain, adding charm and sophistication to traditional or modern properties without the maintenance of real wood.

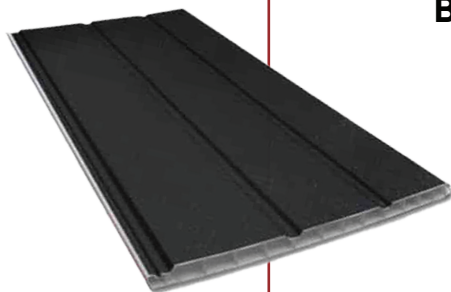

Anthracite -Fascia board

Stylish and versatile, anthracite fascias offer a sleek, neutral gray tone that complements both light and dark exteriors. A perfect choice for a contemporary aesthetic.

uPVC Colour Options

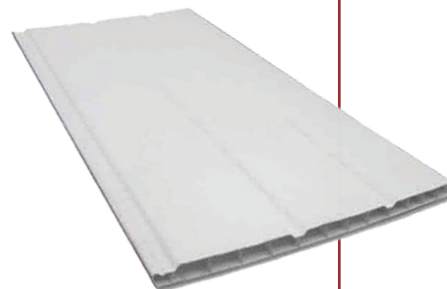

uPVC Fascia Board

uPVC soffits are the boards located under the roof overhang, providing ventilation to the attic and giving the roof a clean, finished look.

Black - Soffit board

Stylish and functional, black soffits bring a contemporary edge to your roofline while ensuring proper ventilation and protection. Ideal for complementing modern designs and darker finishes with a sleek, polished look.

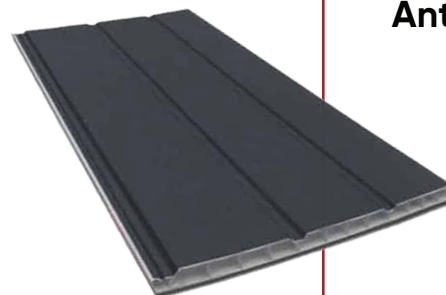

White - Soffit board

Clean and classic, white soffits deliver a fresh, understated look that brightens any roofline. Ideal for enhancing all property types, they provide lasting protection while maintaining a crisp, versatile appearance.

Rosewood - Soffit board

Elegant and timeless, rosewood soffits add a warm, natural finish to your roofline. Their rich, wood-effect design offers both charm and reliable protection, perfectly complementing traditional and rustic styles.

Anthracite - Soffit board

Stylish and versatile, anthracite fascias offer a sleek, neutral gray tone that complements both light and dark exteriors. A perfect choice for a contemporary aesthetic.
